OBJECTIVE

Meticulous software engineer with two years of expertise in ReactJS, TypeScript, HTML, and CSS, looking to thrive in a dynamic role and contribute to innovative software design and development.

PROFILE SUMMARY

- Experienced front-end developer with two years in React.js development.
- Proficient in designing and implementing visually appealing and user-friendly web applications with React.js and SCSS.
- Strong problem-solving abilities and a dedication to providing excellent user experiences
- Strong adherence to current best practices and concepts of web development.
- Basic knowledge of Java and Spring Boot for a well-rounded skill set.

WORK EXPERIENCE

Front-End Developer

Tata Consultancy Services   *03/2022 - Present*

- Used React.js to develop and maintain responsive web applications that provide the best possible user experience on a range of devices.
- Transformed UI/UX design wireframes into excellent code by working with cross-functional teams.
- Worked on front-end projects like data visualization, user authentication, and form validations.
- Fixed problems and faults that QA had found, guaranteeing a seamless and error-free user experience.
- Worked on Accessible testing using Axe Auditor and Axe Devtools.
- Conducted thorough testing and debugging of the front-end code using Jest, ensuring high code quality and robustness.
- Actively worked with comprehensive software design and development toolsets including Git, Postman, Eclipse, Vs Code, and Jira to design, develop and test user-centric applications.

QC Engineer

Munija Enterprises,L&T MFFK, Chennai   *01/2020 - 03/2021*

- Proper knowledge of NDT drawings and FAB drawings.
- Inspect the job as per the approved client's specifications and provide engineering support to the quality control departments.
- Carry out primary visual inspections on Fit-up and Welding based on WPS as per EN ISO: 15609-1.
- Calibrate machines to maintain required productivity levels and adherence to quality standards.
- Maintained quality records and documentation.
